

LOW VISIBILITY PROCEDURES (Page 1)

LOW VISIBILITY PROCEDURES (RVR less than 1200 to 600 FT)
1. APPLICATION

These procedures apply to ground movements of aircraft during low visibility conditions (Runway Visual Range (RVR) less than 1200 to 600 FT). Arrivals and departures below RVR 600 are not authorized. When weather conditions indicate visibility below RVR 1200 is imminent, procedures will be implemented to ensure the safe and efficient movement of aircraft. The following message will be added to the ATIS broadcast: **"LOW VISIBILITY PROCEDURES IN EFFECT"**

2. SURFACE GUIDANCE AND CONTROL SYSTEM

Surface guidance and control system have been installed to facilitate the ground movements of aircraft under low visibility conditions. This system, controlled by ATC, is:

Taxiway centreline lights on exit taxiways B1 and B3 and on the holding bay runway 24R (illuminated under 1200 RVR).

Taxiway unidirectional centreline lights on taxiways B, B1, B2 (from intersection taxiway B to runway 10/28), B3, D, E (from the main apron to taxiway B), F, H, I, J and K (illuminated under 1200 RVR).

Taxiway intersection lights on the apron to the holding bay of runway 06L and on taxiways B, B1, B2, B3, D, E, F, G, H, I, J and K (illuminated under 1200 RVR).

Stop Bars on all access to runway 06L/24R: on the holding bays of runways 06L and 24R, at the end of runway 28 before the intersection with runway 06L/24R and on taxiways B1, B2, B3, E and G (illuminated under 1200 RVR).

NOTE: AT NO TIME SHALL A PILOT CROSS AN ILLUMINATED RED STOP BAR.

Runway guard lights on all access to runways: on the holding bays of runways 06L, 24R, 06R and 24L, at the end of runway 28 before the intersection with runway 06L/24R, on runways 06L and 24R before the intersection with runway 10/28 and on taxiways A, A1, A2, A3, A4, B1, B2, B3, D, E, F, G, J, L and R (illuminated whenever the associated runway is in use).

Note: The above mentioned taxiway centreline lights, taxiway intersection lights and stop bars may occasionally be used at or above 1200 RVR.
